We believe in the power of teamwork and partnership, both within our organization and with our clients, to achieve common goals and drive mutual success.

### 07 **Transparency**

We uphold transparency in all our dealings, ensuring clear communication and building trust with our clients, partners, and stakeholders.

# GIAN SERVICES

## Clearing and Forwarding

At Gian Logistics Limited, our Clearing and Forwarding services are designed to simplify and streamline the movement of goods for both import and export here's how we manage these critical aspects of the clearing and forwarding:

### Clearing Services

- **Customs Documentation** We handle all necessary paperwork and documentation required for customs clearance, ensuring compliance with local and international regulations.
- **Regulatory Compliance:** Our team stays updated with the latest customs regulations and trade laws to ensure that your shipments meet all legal requirements and avoid delays.
- **Tariff Classification:** We accurately classify goods according to customs tariff codes to ensure proper duties and taxes are applied, minimizing the risk of disputes or penalties.
- **Duty and Tax Management:** We manage the payment of import duties and taxes on your behalf, ensuring smooth and efficient processing of your shipments.

### Forwarding Services:

- **Logistics Coordination:** We coordinate the movement of goods from the point of origin to the destination, including transportation arrangements, warehousing, and delivery.
- **Cargo Consolidation:** Our forwarding services include consolidating cargo to optimize shipping costs and improve efficiency, especially for smaller shipments or multiple consignments.
- **Transportation Management:** We manage the selection and coordination of various modes of transportation such as air, sea, rail, or road to ensure timely and cost-effective

## Cargo Consolidation & Deconsolidation

- **Cargo Consolidation:** Cargo consolidation involves combining multiple smaller shipments from various sources into a single, larger shipment to optimize transportation efficiency and reduce costs. At Gian Logistics Limited, we manage this process with precision to enhance your supply chain.
- **Cargo Deconsolidation:** Cargo deconsolidation is the process of breaking down a large, consolidated shipment into smaller shipments or individual orders for final delivery. Gian Logistics Limited handles this process to ensure your goods reach their final destinations efficiently.

## Freight & Transport Services

Our freight services encompass a range of transportation solutions to accommodate various types of cargo and shipping requirements. We specialize in providing tailored solutions that optimize your supply chain and enhance your logistics operations.

- **Air Freight:** our air freight services provide fast and reliable transportation across global routes. We handle everything from booking and documentation to customs clearance and final delivery, ensuring your cargo reaches its destination quickly and safely.
- **Sea Freight:** For cost-effective and large-volume shipments, our sea freight services offer flexible and economical solutions. We manage the entire process, including booking, containerization (FLC & LCL) and port handling, to ensure efficient movement of goods via ocean transport.
- **Road Freight:** Our road freight services cater to both domestic and cross-border shipments, providing timely and reliable transportation by truck. We handle route planning, load optimization, and real-time tracking to ensure smooth delivery to your final destination.
- **Rail Freight:** Combining the benefits of cost efficiency and environmental sustainability, our rail freight services are perfect for bulk shipments and long-distance transportation.

# IMPORT & EXPORT SERVICES

At Gian Logistics Limited, we specialize in managing the complexities of international trade through our comprehensive import and export services. Our goal is to facilitate smooth, compliant, and efficient cross-border transactions, helping your business thrive in the global market.

## Import Services

Our import services are designed to streamline the process of bringing goods into your country, ensuring that every aspect is handled with precision and efficiency.

- **Customs Clearance:** We handle all customs clearance procedures, including the preparation and submission of required documentation, payment of duties and taxes, and compliance with local regulations.
- **Freight Forwarding:** We arrange the transportation of your imports from the port of entry to your desired destination. Whether by air, sea, or land, we coordinate with carriers to ensure that your goods are delivered on time and in optimal condition.
- **Import Compliance:** We keep you informed of all import regulations, tariff classifications, and trade agreements relevant to your goods. Our team ensures full compliance, reducing the risk of penalties and delays.

## Export Services

Our export services are tailored to help you efficiently move goods from your country to international markets, providing support throughout the entire export process.

- **Export Documentation:** We manage all necessary export documentation, including commercial invoices, packing lists, certificates of origin, and export licenses. Our attention to detail ensures that your documentation is accurate and meets the requirements of the destination country.
- **Customs Export Clearance:** We facilitate the customs clearance of your exports, ensuring compliance with export regulations and efficient processing of your goods at the port of departure.
- **International Freight Forwarding:** We coordinate the transportation of your exports to their overseas destinations, utilizing the most suitable mode of transport air, sea, or land.

# Pharmaceutical Shipments

At Gian Logistics Limited, we understand the critical importance of transporting pharmaceutical products with the utmost care and precision. Our pharmaceutical shipment services are designed to meet the stringent requirements of the healthcare industry, ensuring that your sensitive and high-value pharmaceutical products are delivered safely, securely, and in compliance with all regulatory standard.

- **Temperature-Controlled Transportation:**

- We provide advanced temperature-controlled shipping solutions, including refrigerated trucks, cold storage facilities, and insulated packaging, to maintain the required temperature range for your pharmaceutical products.

- **Secure Handling and Packaging**

- We use specialized packaging materials and techniques to protect your pharmaceutical products from damage, contamination, and tampering during transit.

- **Customs Clearance:**

- Gian Logistics Limited handles all customs clearance procedures, ensuring compliance with international regulations, import/export requirements, and pharmaceutical standards.

## Door-to-Door Services

At Gian Logistics Limited, our door-to-door services are designed under the terms of DDP (Delivered Duty Paid) and DDU (Delivered Duty Unpaid) and ensuring that your cargo is picked up from its origin and delivered directly to its final destination.

**Delivered Duty Paid (DDP):** Under DDP terms, Gian Logistics Limited takes full responsibility for the entire shipping process, from the point of origin to the final destination. This includes handling all costs and risks associated with the transportation, customs clearance, and payment of duties and taxes in the destination country.

**Delivered Duty Unpaid (DDU):** Under DDU terms, Gian Logistics Limited manages the shipping and delivery of goods up to the destination country, but the buyer is responsible for the payment of import duties, taxes, and any other customs-related charges upon arrival.

# Why Us?

Gian Logistics Limited is more than just a logistics provider; we are a partner dedicated to your success. By choosing us, you gain access to a team that is committed to delivering exceptional service, innovative solutions, and reliable results, ensuring that your logistics operations are in the best possible hands. Here's why we stand out as the best choice for your logistics needs:

## Innovative Solutions

We leverage the latest technology and industry best practices to provide cutting-edge logistics solutions. Our innovative approach helps streamline operations, reduce costs, and improve efficiency across your supply chain.

## Reliability & Efficiency

We are known for our reliability and commitment to meeting deadlines. Our streamlined processes and attention to detail ensure that your cargo is handled efficiently, minimizing delays and maximizing performance.

## Cost-Effective

Our logistics solutions are designed to be cost-effective, helping you optimize your supply chain while controlling costs. We work with you to find the best solutions that fit your budget and deliver maximum value.
